**Thai cats of ancient breeds will be displayed.**

“The Wonders Of Pet World” is the theme of the much anticipated “Smart-Heart Presents Pet Variety”, which will be held at Impact Exhibition Hall 1-2, Muang Thong Thani, from Thursday to Sunday, 10am-8pm.

Held in collaboration with the Thai Pet Product Industries Association, the sixth edition of the annual pet show and exhibition is divided into six pet zones featuring various species of exotic creatures, fish, birds, rabbits, cats and dogs.

This year’s highlights include a showcase of sloth, a slow and lazy-looking mammal; a chance to get up close and personal with Thai cats of ancient breeds; a weight-pulling show by powerful dogs; a display of the world’s largest breed of rabbits; and a laughing chicken show. Various species of aquarium creatures will also be displayed.

Many other interesting activities will be contests for healthy dogs, beautiful cats with glassy eyes, American pit bull and bully dogs, roborovski hamsters and ball pythons. There will also be a turtle and rabbit race, a workshop on how to make a cat condo, and complimentary pet check-up services.

**Roborovski hamsters.**

More than 200 booths will offer a variety of pet products and services, with 50-70% discounts. Pet farms will also be there for those looking for new pets.

Visitors are allowed to bring along their pets to the fair. They are also invited to sit back and relax at the rabbit cafe where they can play with the cute furry rabbits while enjoying coffee and snacks.
