

Pet fair at Exhibition Hall

The eighth "SmartHeart presents Thailand International Pet Variety" will bring a parade of smart and adorable pets as well as a myriad of pet products to Impact Exhibition Hall 3-4, Muang Thong Thani, from Thursday to Sunday.

Held in collaboration with the Thai Pet Products Association of Thailand and Perfect Companion Group, this is the last opportunity of the year to enjoy amazing promotions and big discounts on a wide range of pet products and services at more than 200 booths.

Among the items slated for the "End Of Season Sale" will be pet food and snacks, medical supplies, supplementary foods, fur conditioning products, costumes and accessories, and skills development equipment. Hotels and houses for pet boarding will also be there to offer their services while pet clinics and hospitals will offer consultations on pet health care.

The four-day event will be packed with many pet shows and competitions to vie for trophies from HRH Princess Chulabhorn. The competitions cover various species of birds and fish such as Siamese fighting fish, English Budgerigar, Holland Budgerigar, Serama chicken, halfmoon betta fish and Veiltail betta fish.

There will also be a traditional Siamese cat contest; the unveiling of Wila Krungthep, a new breed of Siamese cat; a Burmese cat show; the Thailand Pitbull Weight Pulling Championship; the American Pitbull Competition by the Ultimate Dog Club; and a ball python competition.

A lot of exotic pets will also be displayed including snakes, prairie dogs, tortoises, pig-nosed turtles, lizards, iguanas, owls, squirrel monkeys, coconut crabs and strawberry land hermit crabs. A highlight will be a fashion show by these strange yet wonderful creatures under the theme "Hawaiian: Aloha" on Oct 6.

Dog lovers will enjoy a healthy dog contest, a dog agility show, a guard dog show and a flyball demonstration, while feline lovers are invited to learn how to make a cat condominium in a workshop.

At the Vet 4 Aloha Spa Clinic booth, experienced veterinarians from Vet 4 Animal Hospital will be offering pet acupuncture as an alternative option to surgery, hydrotherapy for dogs and cats, rabies vaccinations, and tips on how to give your pets massage therapy — all free of charge.
